## FELT IN THE MUDDLE

Holds Up Four Department + Joseph White, one of the mili-Payrolls for February.

DENIES AUTHORITY OF HEADS

Waterworks, Streets, Englneering and Sprinkling.

City Auditor Sends Communications to Department Heads Giving Reasons for His Action

City Auditor Felt has taken a hand + eral. In blocking the business of the city by + which the pardons were printed + refusing to audit the payrolls of cer- + were fraudulent. tain of the departments. He has held up the payrolls of the department employees and emergency men in the Waterworks, Street, Engineering and departments and returned the payrolis to the heads of the departments, accompanied by letters asking for further information as to the authorization of the employees. The payrolls were for the last half of the month of February.

The men in the employ of the Waterworks department are considered absolutely necessary employees, and furthermore, Mr. Hines claims that the money to pay them was appropriated by the Council some time ago. Mr. Hines says he will keep the men at work as long as they are willing and that he will do the best he can to keep the city in water. As soon as the men quit, he says, Salt Lake City will be face to face with a water famine. men whose payrolls have been held up are necessary to keep the system in working order. The letter from Mr. working order. The letter from Mr. Felt to Superintendent Hines of the Waterworks department is as follows:

MR. FELT TO MR. HINES. With very great regret I am forced to return herewith the payrolls received from you for the reasons

First-The revised ordinances require the confirmation by the Council of the clerk, store and timekeeper, each and all of the tankmen and patrolmen and blacksmith referred to therein as employees and assistants in your department, which has

Second-The said revised ordinances provide for two tankmen at the Twentieth ward—your payrool shows three. Third—The ordinances also provide for "valvemen, assessors of water rates, foremen of street sprinkling and such other employees as the necessities of his (your) office may demand, in such numbers and at such compensation as the City Council may authorize." No such authority has been filed in this office.

The necessity of securing the proper appointment and confirmation of the employees above referred to, and of proper ority for the employment of such out employees as the needs of your office demands has been brought to your attentions.

employees as the needs of your office deminds has been brought to your attention by former letters addressed to you from this office, and, while I very much regret the necessity, in view of the mandatory nature of the ordinance governing this office in regard to the auditing of claims, payrolls, etc., I can only return the payrolls for correction and authorization as required by statute and ordinance.

In the case of the Street and Sprinkling departments it is held that Mr. Felt is unwarranted, in the face of the rendered by City Attorney Dey in which it was stated that the heads of departments had authority to hire mer in case of emergency. The men whose pay has been held up in these departents were rendered necessary by the bad condition of the streets and were kept at work on the assurance from the Mayor that he would not hold up their

The following letter was sent by Mr Felt to Street Supervisor P. S. Condie.

MR. FELT TO MR. CONDIE. MR. FELT TO MR. CONDIE.

Reminding you of the fact that this office has repeatedly called your attention to the fact that the revised ordinances (1903) repeal former ordinances and resolutions, and that under them it would be necessary to secure from the Council its authorization for the employment of the help required in your department, I beg to return herewith your payroll for the half month ending today, it being utterly impossible, in the absence of such authorization, for me to intelligently audit same. In connection with this subject I desire to say that I have also called the attention of the Council to the need of some ordinance covering the apparent defect and

tion of the Council to the need of some or-dinance covering the apparent defect and hoped that before this it would have been cured, thus permitting the prompt audit-ing of payrolls. Your payroll was received at so late an hour that I have not been able to look into it in every detail, and it may be that we have authority for the auditing of a few items thereon—such as clerk and poli-tax collector—In which case I will be glad to audit their claims.

A similar condition exists in the engineering department to that in the others. The employees in City Engineer Kelsey's office have been author-ized by the City Council and hold their positions until their successors have been appointed and qualified. The heads of the departments have decided to send the payrolls back to the City Auditor and if he still refuses to audit the same then a test mandamus action will be instituted to compel him to approve the payrolls and submit them to the City Council. The following is the letter received

yesterday by City Engineer Kelsey: MR. FELT TO MR. KELSEY.

I have called your attention in writing to the mandatory nature of the ordinance requiring the Auditor to have proper authority for the auditing of claims, payrolls, etc., against the city. In view of this requirement and the further fact that I cannot find in the revised ordinances or in any ordinance or resolution sdopted by the Council since, any authority for the employment of assistants, deputies or any other help in your department. I am compelled to return herewith your payroll for the half month ending February 29th, with the request that you secure the proper authorization for the employment of the men referred to theren, together with their appointment and the fixing of their compensation, when I shall be giad to audit a payroll made up in accordance therewith I have called your attention in writing

## **AUTO ON RAMPAGE** INJURES SEVERAL

Wild Ride of an American Artist in Havana Ends in Serious Disaster.

NEW YORK, March 1 -- James T Breese, a wealthy New York artist, and Honore Laine of Havana, have been injured in an automobile accident, according to an American dispatch from the latter city.

The party is said to have been running at a high speed toward Bahia, when, upon rounding a sharp curse, Laine's machine collided with a mounted policeman. The Breese party, including W. K. Vanderbilt, Jr., W. Seward Webb and others, with four motors, was following closely

Laine's forty-horse-power machine struck and killed the policeman's horse. After running several hundred yards on practically two wheels, it topppled over and spilled the occupants down a steep embankment. So close together were the four motors that the Breese ma-chine collided with the crippled racer and he was also thrown down the em-bankment. Reports as to the extent of the injuries sustained by Breese Laine vary. The latter sustained the worst hurts, however.

Laine was charged before the Span ish war with having sent to an American newspaper letters charging Gen. Wevler with knowledge of the plot to wreck the battleship Maine. He was arrested, but was released through the intercession of Gen. Lee, then Consul-General at Havans.

# INTERESTING SHEEP

Suit Involving the Legality of the "Two-Mile Limit" Law to Be Taken to Federal Court.

Special to The Tribune. BOISE, Ida., March 1-In an opinion handed down yesterday the Supreme court reaffirmed its former decision upholding the constitutionality of what is known as the two-mile limit law, which prohibits the grazing of sheep within two miles of the house of a settler, the aggrieved settler being given the right to recover damages.

Justice Stockslager dissented. John McMillan, president, and Montie B. Gwinn, secretary of the Wool-growers' association, expressed surprise. Mr. Gwinn said: "We intend to take the case to the Supreme court of the United States. The question is different from that of Sweet vs. Ballentine, decided a short time ago. That case was one in which tres-pass on the land of the plaintiff was clear-

ly shown and admitted.
"This case is one of feeding sheep within two miles of the ranch or dwelling of the

President McMillan said that the con-tention of the wool-growers is that the two-mile limit law is in fact class legis-lation. It provides that sheep shall not graze within two miles of the residence of a settler, while, so far as the law is berned, cattle may graze up to the

doors.
The sheepmen, he said, were bitterly opposed to being discriminated against in this way. Mr McMillan said further that it would remain for the Federal court to say whether any State can legislate so as to exclude sheep from the public

main.

The defense admit all the facts, but claimed that as the land on which the grass grew is Government land their sheep had as much right to the grass as had Walling's cattle, and that the Constitution of the United States forbids any State from passing a law such as the one

## POSTAL CHANGES IN IDAHO AND NEVADA

BY A. F. PHILIPS.

Tribune Bureau,

- National Hotel, WASHINGTON, D. C., March 1. The Coeur d'Alene, Ida., and Spokane rallway postoffice has been discontinued.

John A. Johnson, Jr., has been commissioned postmaster at Tyson, Ida. Star service schedule from Battle Mountain to Austin, Nev will on and after the 3rd inst. be run three times per week, Twenty-five hours will be given to make

the trip each way

The leave of absence herstofore granted
First Lieut. Andrew C. Wright, Twelfth
infantry, is extended one month and he is
granted permission to apply for a further
extension of two months.

Business Changes at Boise. Special to The Tribune

BOISE, Ida., March I.—H. B. Eastman, George W. Fletcher and Romer Teller have bought out the Fletcher-Steen Hardware company. The business will be managed by Mr. Fletcher.

The same men are negotiating for the Lorce, Eastman & Teller company. It is thought likely they will get it and consolidate the two.

## ANOTHER BIG COAL STRIKE THREATENED

Inability of Operators and Miners to Agree to a Scale Looks Ominous.

INDIANAPOLIS. March 1 .- At the conference of miners and operators of the central competitive district today an Ohio delegate moved that the scale now in effect be readopted. The operators voted against readoption, while the miners favored it.

President Mitchell then presented series of resolutions, "which," he said, represent the demands of the miners F. L. Robbins, leader of the operators, argued that the condition of the times and the necessity of meeting compet tion require a reduction of 15 per cent

from the present scale of wages. President Mitchell replied to Mr. Robbins. He confined his remarks to the argument for a reduction made by Mr. Robbins and then said emphatical 'It may be the parting of the ways, as Mr. Robbins says, but for my part

I know what I am going to do."

This statement was interpreted by
the convention to mean that the demands of the mine operators would not acceded to During the recess R. L. Robbins, leader of the operators, said. "It looks like a strike. The operators will make

concessions-absolutely none. It is a reduction or strike."
President Mitchell said: Robbins's statement before the convention it does look like a strike. I ex-pressed myself during my address and

I shall certainly adhere to that."

The question was called on the adoption of Mr. Robbins's resolution for a reduction of 15 per cent in wages. While the vote was being taken Mr. Robbins moved the entire question be referred to the scale committee, to-gether with the entire question of fixing scale, and that the scale committee be not instructed except that it take into consideration, in trying to arrange scale, present conditions as they exist President Mitchell explained to the miners that he did not think it made any difference whether the instructions ause carried or not. The motion pre-alled and the convention adjourned until Thursday morning at 9 o'clock

## THINKS MINISTER CAN **REMAIN TOO LONG**

NEW YORK, March 1.-Dr. Roderick Terry, for nearly twenty-five years pastor of the South Reformed church in this city, has tendered his resignation. His only reason is the expressed belief that

only reason is the expressed belief that there is such a thing as a minister remaining too long in one church.

Dr. Terry is one of the best-known clergymen of the Dutch-Reformed church in this country and his church is the oldest, as well as one of the wealthlest. In New York, He is widely known for his advocacy of what he called "worshipful music." He possesses a large personal fortune, on which he has drawn for years to support a famous choir of fifty volces, giving concerts every Sunday afternoon in South church.

## **QUESTION IN IDAHO | WORLD'S FAIR WORKERS** OUT ON A STRIKE

ST. LOUIS, March 1 .- One thousand men employed by the Louisiana Purchase Exposition company as laborers on landscape, road building, track laying and other forms of work at the world's fair, struck today against a reduction in wages.

KANSAS CITY, March 1.-Union truck drivers to the number of over 400 struck today. Union officials as-sert that before tomorrow the full strength of the union, 800, will be in-volved. The men ask an increase in wages, a day of ten and one-half hours. days to constitute a week, and that y union men be employed. The transfer men, anticipating violence have provided for police protection, and numerous permits for non-union men to carry revolvers have been granted.

## FOR CASHING TWO WORTHLESS CHECKS

Young Man at Weiser, Ida., Has "Good Time" and Is Now in Jail.

Special to The Tribune. WEISER, Ida., March 1-W. F. Buck young man who has been employed for several months at the mining camp of Ford Bros. at Black Lakes, was arrested this morning, charged with having forged the name of Sim Ford to two checks fo \$50 each,

One of the checks was cashed by J. W. Cox, a hotel man, who gave Buck the full amount for it. The other was cashed by C. W. Jewell, a saloon man, who gave him \$35, all the money he had at the time. Buck had been drinking and gambling all night, and when arrested had only \$15 left. He is now in jail awaiting prelim-inary hearing.

IMPORTANT DECISION IN AN IDARO CASE

SAN FRANCISCO, March 1.—The judg-ment of the Circuit court for the district of Idaho was affirmed in the case of Isaac J. Lewis vs. M. C. Clark, receiver for the American Building and Loan as-sociation.

The action grew out of the attempt on the part of Receiver Clark to foreclose a mortgage of \$500 which the insolvent association held on property held by Lewis. Lewis contended that Clark had no right to foreclose the mortgage on the ground that he was appointed a receiver by a Wisconsin court.

The Appellate court held that the Circuit court was right in deciding that they had the right to recognize or reject a receiver appointed by a court of their jurisdiction.

PERJURY CHARGE AGAINST A JETT JUROR FAILS.

CYNTHIANA, Ky., March 1.—The case of Juror King, who served in the trial of Jett and White, convicted of the murder of J B. Marcum, was ended today by a verdict of not suilty. The charge against King was perju,

## I. M. HIGLEY & CO., HONEST PLUMBERS.

NOTICE TO WATER USERS.

State Engineer's Office, Salt Lake City, Utah, Feb. 26, 1904.—Notice is hereby given that Irving M. Higley, whose postoffice address is Salt Lake City, Utah, has made application in accordance with the requirement of chapter 190 of the Session Laws of Utah, 1903, to appropriate eightenths (5-10ths) of a second-foot of water flowing from three certain springs situated in 101 2, block 45, Ten-acre Flat A. Big Field survey, Salt Lake county, Utah, which springs are tributary to the Mill creek branch of Jordan river. The water is to be diverted by means of dams and ditches into ponds at various places on said described lot, where it will be used continuously from January 1st to December Jist, inclusive, of each year for domestic purposes and for supplying said pends with the water necessary for the spawning and propagating of fish, and also for use in irrigating said described lot from April ist to October 1st of each year. This application contemplates that water equivalent to one-eighth (1-sth) of the combined flow from the springs will be consumed and that the remaining seven-eighths (7-Stbs), after having passed through the fish pends of the applicant, will be returned to the natural channel leading from said springs to Mill creek. All protests argainst the granting of said application, stating the reasons therefor, must be made in writing and filed in this office after thirty (30) days and before sixty (69) days from the date hereof.

A. F. DOREMUS, State Engineer.
